Thank you for choosing the Residence Inn & Springhill Suites

Listed below are various ways for you to book reservations for your stay.

The 1st way is to call the hotel directly: *Springhill Suites (623) 772-9200* or *Residence Inn (623) 772-8900*. Let the Front desk clerk know that you (the guest) are calling to make a reservation under the **Wild Western Festival Group Block**. That way the Front desk Clerk knows to look at Group Rates specifically. They will then make the reservation under the group block at the group rate.

The 2nd way to book reservations for the **Wild Western Festival Group Block** would be to call the Marriott Reservation line *1(800) 627-7468*... Let the Marriott Associate know that you (the guest) are calling to make a reservation at the *Springhill Suites or Residence Inn Glendale Sports & Entertainment District* under the **Wild Western Festival Group Block**. That way the Marriott Associate knows to look at Group Rates specifically. They will then make the reservation under the group block at the group rate.

The 3rd way would be to book the reservation online using the following booking codes listed below. Please choose which room type would suit you best, once you have chosen the room type & have clicked on the link below, the hotel's webpage will pop up. You will then enter in the dates of arrival and departure, then click the button that says's check availability and it will automatically populate the group rate. The next step would be to book the reservation by providing your information.

If you have any issues booking your reservation please feel free to contact Yvonne Pascoe at (623) 215-0866.

Thank you again for choosing the Springhill Suites & Residence Inn Glendale
